

# Brand Mention Email Script

**Subject:** Quick Question for you

Hi **{Prospect's First Name}**,

**{Your Name}** here, I work for **{Company Name}**.

Thank you so much for mentioning our website in your piece **{URL}**

I was wondering if it might be possible to link the word "**{Brand Name}**" in that sentence to our website: **{Brand Website URL}**?

I think this would help your visitors learn a bit more about us.

Let me know if you think you can help.

Thank you for your time,

**{Your First Name}**
